

# Open the door to more homes and businesses with Google Nest.

Google Nest products help your customers save energy and feel safer and more comfortable. And they're designed to work together, so you can offer your customers a connected home solution, not just a single product.

## Nest Learning Thermostat

With proven energy-saving features, remote control, and beautiful design, the Nest Learning Thermostat is a great way into the connected home.<sup>1</sup> It's compatible with 95% of heating and cooling systems, including 3H/2C conventional and heat pump systems, and multi-speed fan coils.

Five-year extended warranty with professional installation.

## Nest Thermostat E

Customers will love getting great energy-saving features at a great value. Like the Nest Learning Thermostat, the Nest Thermostat E learns the user's schedule to make energy saving easy. And it works with 85% of heating and cooling systems, including 2H/1C or 1H/2C conventional and heat pump systems.

This thermostat is available to Nest Pros only.  
Three-year extended warranty with professional installation.

## Nest Thermostat

Meet the most affordable Nest thermostat yet. It offers energy-saving features, remote control, and a flexible schedule, all at a lower price.<sup>1</sup> Its design is beautifully simple, with a mirrored finish. And it's compatible with 85% of 24V systems, including 2H/1C or 1H/2C conventional and heat pump systems.

Three-year extended warranty with professional installation.

## Installing Nest thermostats just got more valuable.

Introducing **HVAC monitoring**, a new feature that's now available on all Nest thermostats in the US and Canada.<sup>2</sup> It looks out for issues with a user's heating and cooling system and sends an alert that makes it easy for them to book a visit from an HVAC pro.<sup>3</sup> Sign up through Handy to build lasting relationships with customers, boost your sales with quality leads, and get into more homes all year round.

To learn more, visit [partnerships.handy.com/nestpro-onboarding](https://partnerships.handy.com/nestpro-onboarding).

<sup>1</sup>Some features, including mobile notifications, remote control, video streaming, and video recording, require working internet and Wi-Fi. <sup>2</sup>Not available on all systems. Check compatibility at [g.co/nest/hvac-monitoring](https://g.co/nest/hvac-monitoring). Pro assistance is only available in eligible areas. Nest Pros are independent third-party contractors who provide HVAC installation, maintenance, and repair services. <sup>3</sup>Alerts can notify you of a potential issue with an eligible HVAC system. They're meant to provide helpful information, not an endorsement, representation, or warranty of any kind about the health of an HVAC system. Alerts aren't intended to replace a diagnosis by a qualified HVAC professional. Not all services are available in all regions.

## Nest Hello video doorbell

Helps your customers know who's knocking from anywhere, so they never miss a visitor or a package. With 24/7 streaming, they can check in anytime.<sup>1</sup> Nest Hello works with other Google Nest products, like the Nest x Yale Lock, to make your customers' homes more secure.

---

## Nest Cam IQ Outdoor security camera

A seriously sharp outdoor security camera with 1080p HD video, HD Talk and Listen, and 24/7 live streaming. It can tell a person from a thing, then send an alert.<sup>1</sup> And it plugs into an indoor outlet, so you don't have to deal with exposed wires.

Five-year warranty with professional installation.

---

## Nest Cam IQ Indoor security camera

Nest Cam IQ Indoor is a best-in-class security camera with advanced intelligence, incredibly crisp 1080p HD video, and HD Talk and Listen. It can identify when someone's inside the home, send an alert, and automatically track that person as they move through the room, while still showing the big picture.<sup>1</sup>

---

## Nest Cam Outdoor security camera

Helps your customers look after their homes 24/7, rain or shine. Nest Cam Outdoor is beautiful and waterproof, and offers features like 1080p HD video, Talk and Listen functionality, and advanced night vision.

---

## Nest Cam Indoor security camera

Is this window open? Did the baby wake up? What's the dog getting into? Nest Cam helps people keep an eye on home – in super-clear 1080p HD video. It sends an alert when there's motion or sound.<sup>1</sup>

## Nest x Yale Lock

Google Nest knows the connected home. Yale knows secure locks. And now there's the Nest x Yale Lock – a key-free deadbolt that connects to the Nest app. Customers can lock and unlock the door with a passcode and let visitors in from anywhere.<sup>4</sup> It even works with other Google Nest products to automatically lock when customers are away from home.

## Nest Protect smoke and CO alarm

Nest Protect detects both fast and slow burning fires, has a 10-year CO sensor life, and can be silenced from a phone.<sup>5</sup> It even checks its own batteries. And with wired and battery-powered models, there's one for every home.

Five-year extended warranty with professional installation.

## Nest Temperature Sensor

With the Nest Temperature Sensor, customers can let their Nest thermostat know which room should be a certain temperature at a certain time of day. It's battery-powered and wireless, so installation is simple.

Requires a 3rd generation Nest Learning Thermostat or Nest Thermostat E.

## Nest Wifi

Nest Wifi blankets the whole home in fast, reliable Wi-Fi to help connected home devices work better together.<sup>6</sup> Each point has a speaker with Google Assistant to give customers extra help at home. And it's easy to install, so you can get in and out quickly.

<sup>4</sup>Some features, including mobile alerts, remote control, and custom schedules, require the Nest app, working internet and Wi-Fi, and Nest Connect or Nest Guard. Notifications are provided for convenience and should not replace ordinary care in locking your door. <sup>5</sup>Mobile alerts require working internet and Wi-Fi. <sup>6</sup>Home size, materials, and layout can affect how Wi-Fi signal travels. Larger homes or homes with thicker walls or long, narrow layouts may need extra Wifi points for full coverage. Strength and speed of signal will depend on your internet provider.

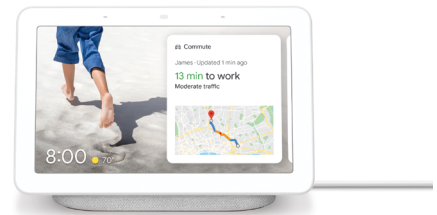

## Nest Hub Max

Nest Hub Max helps busy families stay in touch and on track. They can make video calls, see a personalized calendar and reminders,<sup>7</sup> or check in when they're away with the built-in Nest Cam.<sup>8</sup> And with home view, they can control other Google Nest devices from a single dashboard.

## Nest Hub

Nest Hub lets customers view and control all their compatible connected devices from the dashboard or with their voice. They can see their best and latest shots from Google Photos on the ultimate digital photo frame.<sup>9</sup> Plus, they can play videos and songs from YouTube or get hands-free help from Google.<sup>10</sup>

## Nest Mini

Give your customers the power of voice control with Nest Mini, the speaker they can control with a simple voice command. They just have to say "Hey Google" to get information, listen to their favorite playlists, or control connected devices, like lights or Nest thermostats.

## Chromecast with Google TV<sup>11</sup>

Bring your customers the entertainment they love, with fast streaming in up to 4K HDR.<sup>12</sup> They'll get personal recommendations from all their subscriptions – including movies, shows, live TV, Netflix, and more – all in one place.<sup>10</sup> They can even control connected devices with the voice remote<sup>13</sup> or watch their Nest Cam feed on TV.<sup>1</sup>

Let's build the helpful home together.

Become a Nest Pro at [g.co/nestpro](https://g.co/nestpro).

<sup>7</sup>To make calls, Google Duo accounts required for you and call recipient. Personalized results, for up to six users, require additional enrollment and setup. When using Voice Match, keep in mind that a voice similar to yours, or a recording of your voice, could result in Google incorrectly recognizing someone else as you. <sup>8</sup>Night vision not supported. <sup>9</sup>To see personalized photos, Google Photos required. <sup>10</sup>Subscriptions may be required for certain content. <sup>11</sup>Chromecast Ultra requires a TV with an HDMI port, a Wi-Fi network, a Google Account, a nearby electrical outlet or USB port, and a compatible mobile device. Minimum OS requirements are available at [g.co/cast/req](https://g.co/cast/req). <sup>12</sup>To view content in 4K, a 4K-capable TV and reliable broadband internet connection are also required. <sup>13</sup>Requires compatible smart devices.
