

Charging: This product is rechargeable. Please charge fully before first use to ensure optimal performance. **PLEASE NOTE:** Wall type USB chargers should not be plugged into extension cords.

Plug the large connector of the included charging cable into any USB power source such as a power cube, computer or car charger. A solid blue light above the charging port indicates charging is in progress. The light turns off when charging is complete.

Operation Lighter: Pull back the metal latch lock and press the latch button to automatically flip open the top. Press the power button next to the electrode posts and hold it down for the desired period. The lighter shuts off automatically in approximately 7 seconds. Press and hold the button again if necessary.

CAUTION: DO NOT touch the electrodes during operation!

Close the lid completely when finished and flip up the latch lock.

Operation Side Light: Press the power button on the outside of the case repeatedly to select high or low brightness, strobe, and off.

Caution! This product contains a non-replaceable rechargeable lithium battery. Attempting to open the product or replacing the rechargeable battery will result in permanent damage and void all warranties.

Warning! To prevent serious injury, including temporary or permanent loss of sight do not stare into the light, shine light into eyes or focus the beam using an additional lens. Keep away from infants and toddlers as this product contains small parts.

This product is not a toy! Use this light only as it is intended. Inspect before every use. Do not use if parts are damaged, loose or missing.

Save these safety precautions!
