

# Comfort System™ UV Light

## Whole Home In-Duct Air Purification System

This self-contained air purification system remediates mold, bacteria, volatile organic compounds, harmful contaminants and odors found in most homes and small offices. The unique design allows the user to select different lamp designs, each with unique air cleaning capabilities. The proprietary electronic ballast ensures outstanding lamp performance, as well as extended lamp life.

### Features and Benefits:

- Low cost replacement bulbs for increased profits
- Long life solid state electronic ballast
- All metal enclosure
- Compact size
- Low wattage
- Low maintenance
- Easy to install
- Automatic operation
- Competitively priced

Ask about private labeling with your brand

**Warranty:** 1 year
