

Nest Protect

The smoke and CO alarm that thinks,
speaks and alerts your phone.

Nest Protect detects both fast- and slow-burning fires and carbon monoxide. It speaks up when there's a problem and can even send a message to your phone in case you're not home.

Plus, you'll get a five-year extended warranty (that's three additional years of coverage) when you purchase your Nest Protect from a Nest Pro and have it installed by them.

Nest Protect

The smoke and CO alarm that thinks, speaks and alerts your phone.

Nest Protect automatically works together with other Nest products to make your home smarter. And they can all be controlled from your phone, from anywhere.

Get alerts on your phone.

Nest Protect can send you a message when there's a problem or the batteries run low.

Sees the CO you can't.

Carbon monoxide is an invisible, poisonous gas. Nest Protect tells you where it's hiding.

Tells you what and where.

Nest Protect speaks up if there's smoke or CO and tells you where it is, so you know what to

Every second counts.

The Split-Spectrum Sensor looks for both fast- and slow-burning fires.

Get up and running quickly with help from a Nest Pro.

When your Nest Protect is installed by a Nest Pro, you'll have the peace of mind that comes with knowing a job was done right. Plus, you'll get a **five-year extended warranty*** with installation. (That's three additional years of coverage.)

+

Nest Thermostats + Nest Protect work together.

Heating systems can cause carbon monoxide leaks or spread smoke through your home in a fire. In an emergency, Nest Protect tells your Nest Thermostat to turn off the heat to keep the danger from spreading.
