How-to-use this cross-reference

The pages in this guide contain Honeywell, OEM and competitive manufacturers controls and the recommended Honeywell cross reference. To find your recommended cross reference simply turn to the appropriate product section, locate your product manufacturer and their part number and follow the row to the Honeywell part number.

The cross reference data in this guide is correct to the best of Honeywell's knowledge at the time of publication. Always refer to installation instructions for application details and to ensure correct product specifications prior to installation.
